## SUMMARY

I am a driven and enthusiastic BCA student with a strong foundation in full stack development. My skills in Java, HTML, CSS, and JavaScript, alongside hands-on internship experiences, enable me to create responsive and interactive web applications. I thrive in collaborative environments and am passionate about contributing to innovative projects, always looking to expand my technical expertise.

## EXPERIENCE

### Java Full Stack Developer Intern

#### Zidio Development

📅 03/2025 - 06/2025 📍 Online

Worked as a **Frontend Developer** on the **Enterprise Expense Management System** project.

- Contributed to the Enterprise Expense Management System project as a frontend developer
- Built responsive UI screens using Angular, HTML, CSS, and JavaScript
- Integrated frontend with backend APIs provided by the team
- Improved user experience through interactive forms, dashboards, and navigation flows
- Used Git & GitHub for version control and project collaboration
- Learned full stack development concepts during the internship

### Frontend Developer Intern

#### Vaishnav Technologies

📅 11/2024 - 12/2024 📍 Online

Vaishnav Technologies is a web development company delivering responsive and interactive websites for clients.

- Developed a responsive frontend project using HTML, CSS, and JavaScript
- Implemented interactive UI components for better user experience.
- Practiced version control using Git and collaborated via GitHub
- Gained exposure to frontend development workflow and industry standards

## EDUCATION

### Bachelor of Computer Applications (BCA)

#### Bill Gates Institute of computer Science & management Dharashiv

📅 08/2023 - 05/2026 📍 Dharashiv SGPA - 8.24

### Higher Secondary Education (Class 12th)

#### Shri Kulswamini College, Tuljapur

📅 06/2022 - 05/2023 📍 Tuljapur Percentage - 79.33%

### Secondary Education (Class 10th)

#### Shri Mahatma Jotiba Fule Vidyalay, Takviki

📅 06/2019 - 05/2020 📍 Takviki Percentage - 87.80%

## KEY ACHIEVEMENTS

### Java Programming Competition Winner

Secured 1st place in the **Java Programming Competition** at College of Computer Science & IT, Ambajogai.

### Participated in University-level Programming Competitions

Participated and developed a Java-based project demonstrating problem-solving and coding skills.

## SKILLS

Python (Basic)

C/C++

SpringBoot

Core Java

CSS

Controller – Service – DAO

Git

GitHub

HTML

Java Spring

JavaScript

JDBC

JSP

React

REST-API

Spring MVC

MYSQL

Hibernate

Gmail

Angular (Basic)

## PROJECTS

### Enterprise Expense Management System

📅 03/2025 - 06/2025 📍 Online

Enterprise Expense Management System project as part of the internship

- Worked as a Frontend Developer in a full-stack team.
- Built responsive Angular UI with interactive forms, dashboards, and reporting modules.
- Integrated REST APIs with the frontend to enable real-time expense tracking.
- Successfully completed a **paid internship**, gaining both **technical experience** and **financial reward**.

## CERTIFICATION

### Frontend Web Development Internship Certificate

Vaishnav Technologies (Jun 2025 – Jul 2025).

### Java Full Stack Development Internship Certificate

Zidio Development (Mar 2025 – Jun 2025).

### Full Stack java Development Certificate

The kiran academy (may 2025 – octomber 2025).

### Programming Participation Certificate

Punesholak Ahilyaedvihoikar univercity Solapur(Jan 2024).

### Java Programming Competition Certificate

College of Computer Science & IT, Ambajogai(Feb 2025).

## LANGUAGES

### English

Intermediate

### Marathi

### Hindi

Proficient

## CODE EDITOR

VSCode

Eclipse

Notepad

## PROJECTS

### E-Commerce Frontend Website

06/2025 - 07/2025 Online

E-Commerce project during internship

- Designed and developed a responsive shopping website frontend
- Implemented product listing, navigation bar, and cart page using HTML, CSS, JavaScript
- Maintained project versions with Git & GitHub

### Portfolio Website

02/2024 - Present

Personal project to showcase professional profile.

- Created a personal portfolio website to showcase skills, education, and projects
- Designed with responsive layout using HTML, CSS, Java Script.
- Deployed on GitHub Pages for public access

### Amazon Clone

2024 - Present Home

Personal project as a frontend clone of Amazon

- Built a frontend clone of Amazon with homepage, product listing, cart, and account sections.
- Focused on UI/UX design, responsive layout, and smooth navigation.

### Calculator

02/2024 - 07/2024

Homewood, United States

Personal project for learning and practice

- Developed a simple yet interactive calculator using HTML, CSS, and JavaScript.
- Implemented basic arithmetic operations with user-friendly interface.
